INTRODUCTION of SPACE MONKEEZ

NODE MECHANISM, GAMING COIN with MEME touch, NFT COLLECTIONS, GAMING SOLUTIONS, SOCIAL MEDIA MARKETPLACE and UNIVERSITY PLATFORM

SpaceMonkeez is running on max 20.000 of NODES that will power the whole ecosystem. SpaceMonkeez ecosystem contains from NFT Collections, Gaming Zone, Ai MEME generated blockchain based images that can be generated on our social media marketplace platform. Our NODE system is set to combat centralization in the crypto market and for that we're giving the power to NODE owners! Our complete ecosystem is made for all users to have fun and enjoy some juice rewards. Every project is good only when there's a strong community behind.

Currently, \$SPACEM token is deployed on AVALANCHE (AVAX). While \$SPACEM currently leverages the strengths of AVAX, it remains forward-looking, with possibilities of expanding its reach and capabilities through multi-chain deployment. Avalanche is one the most advanced distributed ledger technology, with the fastest growing ecosystem and \$SPACEM is part of it!

PROBLEM

Crypto world is still too complicated, users are not informed in proper way! Also 90% of crypto world is used for trading tokens, where all the fun goes away and many doesn't feel competent to handle the crypto world.

SpaceMonkeez aims to bring back the fun and simple usage of crypto, so user can feel safe and competent! Our ecosystem will engage and include every user to be part of it, while having fun with gaming ecosystem, generate NFT and use it in our games, advertising... Also, users who want to learn, we have our SPACEM UNIVERSITY, where they can learn and grow personally, all together with exclusive NODE SYSTEM!

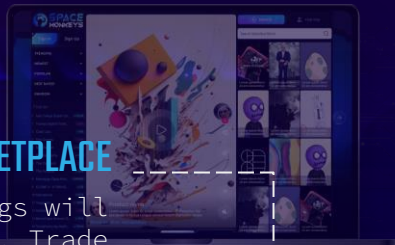

SOLUTION

OUR STRENGTH

SOCIAL MEDIA MARKETPLACE

A lot of things will happen here. Trade NFT's, share Memes, buy stuff etc... User can also rent their own platform!

AI MEME GENERATOR

Our unique Ai MEME generator will constantly build new memes that will rock the world and sharing space!

GAMING

Our game ZUMANKY is first out of many coming games in the future. Game creators are welcome to build games for SPACEM ecosystem!

SPACEM UNIVERSITY

Learn to Earn platform, where users can earn tokens by participating in educational programs and completing courses - personal growth!

NODE SYSTEM

Node Mechanism is the heart of SpaceMonkeez ecosystem. There will be no more than 20,000 Nodes!

NFT COLLECTIONS

With our collection of 10,000 NFT's, we are starting an amazing journey of first collection under our ecosystem. Creators will be able to participate as well!

BUSINESS MODEL

SOCIAL MEDIA MARKETPLACE

A lot of things will happen here. Trade NFT's, share Memes, buy stuff etc... User can also rent their own platform

Ai MEMES

Each user must use \$SPACEM tokens to generate their unique Ai MEME

NFT COLLECTIONS

Each for 10,000 NFT's in our collection must be minted. Minting one NFT gives you ownership for gaming, trading, holding it under your name!

GAMING PLATFORM

For unlocking to play games under our ecosystem, users must use their tokens to unlock, buy NFTs, buy virtual goods, character upgrades, special abilities, and other premium content!

NODE MECHANISM

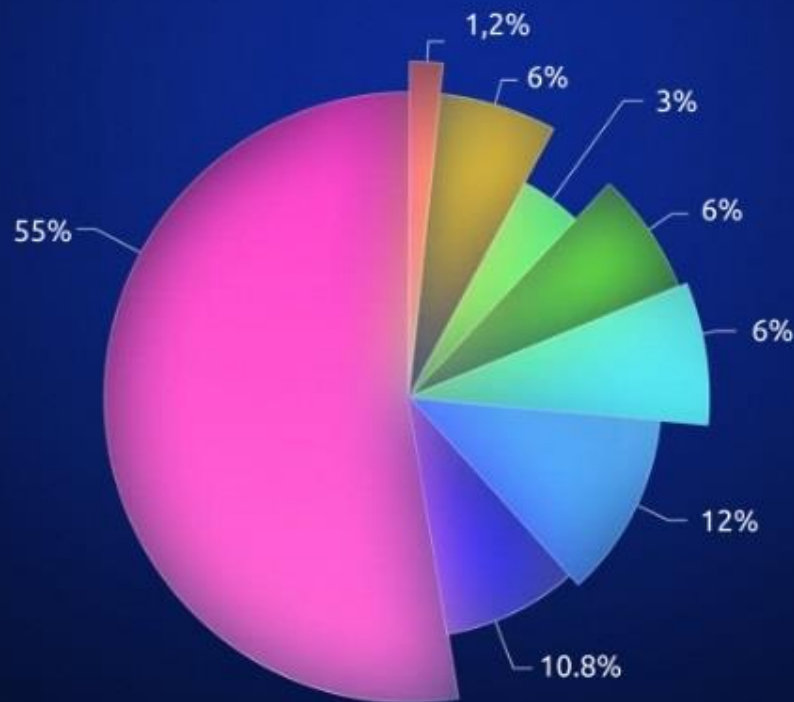

Nodes are the main supporting system for SpaceMonkeez project. User buys a node in advance and node will be generating new tokens for the user on a long run!

UNIVERSITY MECHANISM

University is second biggest product for \$SPACEM token - buying the programs with discount, learn and enjoy personal growth hand in hand.

NODEs ECOSYSTEM

EXCLUSIVE BENEFITS:

- As a Master Node holder, you are entitled to daily \$SPACEM tokens as rewards for participating in the ecosystem.
- Starting in Q2 2024, every SPACEM Node holder will begin receiving these daily \$SPACEM tokens, continuing for 5 years-every day.
- 55% of all \$SPACEM Tokens will be distributed to Master Node holders over the next 60 months after launch, totaling 27,500,000,000 \$SPACEM tokens.
- Of this, 60% goes to Master Node holders, 10% for staking, 10% for marketing and the breadth of the project, 10% for special bonuses to all Master Node holders-every week, and the last 10% will be burned.
- Every day, 60% of the total 15,060,240.96 \$SPACEM tokens will be distributed to Master Node holders and can be redeemed daily.
- All Master Node holders will receive extra rewards when staking \$SPACEM tokens.

Enhance Governance Power:

As the SPACEM network evolves, Node holders will be privileged with enhanced participation in its decentralized governance.

• REWARDS, BONUS SHARING

Master Node holders will have the exclusive BONUS from sharing 10 % of tokens, distributed from Master Node holders. All the Master Node stakers will be granted the share of 10.500.000 \$SPACEM tokens every week.

Enhance Governance Power:

- Airdrop Opportunities
- Exclusive Perks and Privileges

NODES PRICING

There's a cap on the number of SPACEM Nodes available. Only 20,000 Nodes will ever exist, ensuring their exclusivity. Once all are sold, no more will be created.

CHECK OUT THE PRICING SCALE OF NODES in DROP 1 / DROP 2 and AFTER:

300 USDT (0-500 NODES) - **DROP 1**

450 USDT (501-2000 NODES) - **DROP 2**

UTILITIES

IN GAME PURCHASES – NFTs, AI memes and METaverse

\$SPACEM tokens can be used as a currency for in-game purchases within the SPACEM gaming ecosystem. Players can buy or generate NFTs, virtual goods, character upgrades, special abilities, using METaverse gaming platform and other premium content, using \$SPACEM tokens. This creates a seamless and immersive experience where players can enhance their gameplay by leveraging their \$SPACEM holdings.

SOCIAL MEDIA PLATFORM

\$SPACEM tokens will be spend on: Premium & Vip accounts, No Ads option, for sharing news, updates and insights about projects, life, nature, building communities, playing a crucial role in the SPACEM ecosystem by facilitating communication, information sharing and community engagement among participants in the space.

LEARN

\$SPACEM tokens are integrated into the "Learn" initiative. This University SPACEM platform offers a variety of courses on blockchain, cryptocurrency and personal growth programs with a discoun depending on the market, if purchased with \$SPACEM tokens. We are preparing our platform to launch the biggest products on crypto market for PERSONAL educational growth programs. By incentivizing learning with \$SPACEM tokens, the platform promotes continuous education and skill development within the community.

UTILITIES

ADVERTISING

Advertisers can use \$SPACEM tokens to pay for ad placements within the SPACEM platform. This includes banner ads, sponsored content and other promotional activities. By utilizing \$SPACEM tokens, advertisers benefit from a streamlined payment process, and the platform can create a more integrated and efficient advertising ecosystem.

NATIVE PLATFORM TOKEN

Beyond its specific utilities, \$SPACEM tokens serve as a general-purpose currency within the SPACEM ecosystem. Users can transfer tokens between wallets, trade and change them on exchanges, and use them for various transactions both within and outside the SPACEM platform. With \$SPACEM tokens users can buy MEMEs, NFTs, character upgrades, virtual goods for games and purchase access to other services and products that will be offered through the SPACEM Platform. This broad utility enhances the token's liquidity and fosters a vibrant, active user community. By leveraging these diverse utilities, \$SPACEM tokens aim to create a multifaceted ecosystem that supports governance, gaming, education, advertising, and general transactions, thereby driving value and engagement within the community and above all \$SPACEM token growth.

GOVERNANCE

\$SPACEM token holders will have the power to influence the future direction of the platform through a decentralized governance system. This ensures that the community has a voice in the project and helps maintain a decentralized and democratic ecosystem.

DISCLAIMERS

The ownership of any tokens, or any other cryptographic or other digital assets, issued by the SpaceLabs Ltd (referred to as “the Company”) (“\$SPACEM Tokens”) does not represent any participation in the Company nor any rights of payment, remuneration, profit distribution or money reward of any kind. This document has been prepared in good faith to provide a comprehensive overview of the Space Monkeez Project and \$SPACEM Tokens sale and is for information purposes only.

No transfer of ownership or any intellectual property will occur with participation in the Space Monkeez Project or with owning \$SPACEM Tokens. Any intellectual property which originates from or is developed by the Company shall remain in the exclusive ownership of the Company. Intellectual property includes, without limitation, trademark, design, patent, and other proprietary rights (whether registered or not). With the development the concept or implementation of Space Monkeez Project may be amended or modified in the following. Please also note that Space Monkeez Project itself may be redesigned or otherwise revised in future, if that would be required for any material reasons (including, but not limited to: commercial considerations, technical possibilities, or the need to ensure compliance with any (existing or future) applicable laws and regulations, or any other material reasons). \$SPACEM Tokens are not intended to constitute securities in any jurisdiction.

This document should not be construed as legal, tax or transaction advice and, if you acquire \$SPACEM Tokens, you will be required to make a representation to that effect. You should review the proposed transaction and the legal, tax and other consequences thereof with your own professional advisors. In particular, you should inform yourself as to the legal requirements and tax consequences within the country of your citizenship, residence, domicile, and place of business with respect to the acquisition, holding, and disposal of \$SPACEM Tokens and any foreign exchange or other restrictions that may be relevant thereto. This document does not constitute a prospectus or offer document of any sort and is not intended to constitute an offer of securities or a solicitation for investments in securities in any jurisdiction. The contents of this document are not a financial promotion. Therefore, none of the contents of this document serves as an invitation or inducement to engage in any sort of investment activity.

U.S. Persons, as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), are prohibited from accessing this document and the Space Monkeez Project website. Nothing in this document or Space Monkeez Project website shall be deemed to constitute an offer, offer to sell, or the solicitation of an offer to buy, any securities in any U.S. jurisdiction. Each person accessing this document or Space Monkeez Project website will be deemed to have understood and agreed that: (1) he is not a U.S. citizen and he is located outside of the U.S.; (2) any securities described herein have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws.

RISK FACTORS, CONFLICTS OF INTEREST AND OTHER CONSIDERATIONS

Before acquiring any \$SPACEM Tokens, you should carefully consider various risk factors and conflicts of interest, as well as suitability requirements, restrictions on transfer of \$SPACEM Tokens, inability to exchange the \$SPACEM Tokens, and various legal, tax and other considerations, all of which are discussed elsewhere in this document. You should consider acquiring the \$SPACEM Tokens only if you are willing to undertake the risks involved. You should therefore bear in mind the following risk factors and conflicts of interest before purchasing \$SPACEM Tokens:

Operating History. The Company has little to no operating history and is therefore subject to all risks associated with being a new enterprise.

Limited Liquidity. An acquisition of \$SPACEM Tokens involves substantial restrictions on liquidity. There may be no market for the \$SPACEM Tokens, and no market is guaranteed to develop. Consequently, tokenholders may be unable to exchange or liquidate their \$SPACEM Tokens. Tokenholders may be unable to exchange their \$SPACEM Tokens promptly in the event of an emergency or for any other reason. Although a Tokenholder may attempt to increase its liquidity by borrowing from a competent institution, the \$SPACEM Tokens may not readily be accepted as collateral for a loan. In addition, transfer of a Token as collateral or otherwise to achieve liquidity may result in tax consequences to the transferor.

Dependence Upon the Managers and Directors. The Company's success will depend on the management of the managers and directors and, in particular, on the skill and acumen of its staff. If some or all of the members or directors die, become disabled or otherwise cease to participate in the Company's business could be severely impaired. Tokenholders will not have any right or opportunity to participate in the management of the Company or to select or evaluate any of the Company's strategies. Although Company managers, directors and staff intend to devote significant time to the business of the Company, they will not devote all of their time.

The Company is also dependent upon its counterparties and the businesses that are not controlled by the Company and that provide services to the Company, including legal counsel and auditors. Errors are inherent in the business and operations of any business, and although the Company will adopt measures to prevent and detect errors by, and misconduct of, counterparties and service providers, and transact with counterparties and service providers it believes to be reliable, such measures may not be effective in all cases. Errors or misconduct could have a material adverse effect on the Company and the Token's value. In addition, absent a direct contractual relationship between the purchaser and the relevant service provider, no Tokenholder will have any contractual claim against any service provider for any reason related to its services to the Company.

Relation to Token's Value History. The history of the Token's market value may not be indicative of the Token's future value. The nature of, and risks associated with the Token may differ substantially from other cryptographic tokens on the market. There can be no assurance that the \$SPACEM Tokens will perform as well as other cryptographic tokens or that the Company will be able to avoid losses.

Opinions and Estimates. Opinions and estimates offered herein constitute the judgment of the Company and are subject to change, as are statements about market trends. All opinions and estimates are based on assumptions, all of which are difficult to predict and many of which are beyond the Company's control. In addition, any calculations used to generate estimates were not prepared with a view towards compliance with any published guidelines. In preparing this document, the Company has relied upon and assumed, without independent verification, the accuracy and completeness of all information. The Company believes that the information provided herein is reliable; however, it does not warrant its accuracy or completeness.

Potential Conflicts of Interest. The Company and its affiliates and their respective directors, partners, members, officers, employees and agents may be subject to certain conflicts of interest.

Lack of Registration. The \$SPACEM Tokens have not been registered under the U.S. Securities Act or under the securities or "blue sky" laws of any state of the United States and, therefore, may be subject to transfer restrictions if deemed a security under the Securities Act or other applicable law. The \$SPACEM Tokens have not been registered under the laws of any non-U.S. jurisdiction and may be subject to restrictions on issuances and transfer under the laws of such jurisdictions. In connection with an acquisition of \$SPACEM Tokens, potential tokenholders must represent that they are acquiring the \$SPACEM Tokens for purposes of using on the Company's platform only and not with a view toward resale or distribution. The Company does not have any plans or has assumed any obligation to register these \$SPACEM Tokens. Accordingly, the \$SPACEM Tokens may not be transferred without an opinion of counsel addressed to the Company that the transfer will not involve a violation of the registration requirements of the U.S. Securities Act. Ordinarily, this means that transfers will be restricted to instances of death, gift, or passage by operation of law. These restrictions on transfer are in addition to those found in the Articles of the U.S. Securities Act.

Virtual Assets Generally. The characteristics of virtual assets generally differ from those of traditional currencies, commodities or securities. Virtual assets are market-based: a virtual asset's value is determined by (and fluctuates often, according to) supply and demand factors, and the value that various market participants place on it through their mutual agreement, barter or transactions. Virtual assets are an evolving, relatively new product and technology. The methods whereby each virtual asset is created, secured, accessed and used may differ from one another. Different virtual assets may contain similar (or different) features.

Developing Regulatory Scheme. The regulatory regimes of virtual assets, blockchain technologies, and cryptocurrency exchanges are undeveloped, varies significantly among jurisdictions and re subject to significant uncertainty. It is possible that any jurisdiction may, in the near or distant future, adopt laws, regulations, policies or rules directly or indirectly affecting the Bitcoin network, generally, or restricting the right to acquire, own, hold, sell, convert, trade, or use virtual assets, or to exchange digital for other currency or other virtual assets. Any additional regulatory obligations may cause the Company to incur extraordinary, non-recurring expenses, and/or ongoing compliance expense, possibly affecting an acquisition of \$SPACEM Tokens in an adverse manner. If the Company determines not to comply with such regulatory requirements, the Company may be liquidated at a time that is disadvantageous to a tokenholder in the Company.

Cryptocurrencies not Guaranteed by Central Banks. Virtual assets that operate as a medium of exchange are not issued or guaranteed by any central bank or a national, supra-national or quasi-national organization, and there is no guarantee that such virtual assets may operate as a legal medium of exchange in any jurisdiction. In fact, certain jurisdictions have completely prohibited the usage of certain virtual assets in such jurisdiction.

Third Party Usage. As a relatively new product and technology, virtual assets are not yet widely adopted as a means of payment for goods and services. Banks and other established financial institutions may refuse to process funds for cryptocurrency transactions, process wire transfers to or from cryptocurrency exchanges, blockchain-related companies or service providers, or maintain accounts for persons or entities transacting in virtual assets.

Volatility. A principal risk in trading virtual assets is the rapid fluctuation of its market price of such assets. The value of the \$SPACEM Tokens may relate directly to the value of the virtual assets held in the Company and fluctuations in the price of virtual assets could adversely affect the net asset value of the Company. There is no guarantee that the Company will be able to achieve a better than average market price for its virtual assets or will purchase such virtual assets at the most favorable price available. The price of virtual assets achieved by the Company may be affected generally by a wide variety of complex and difficult to predict factors such as supply and demand; rewards and transaction fees for the recording of transactions on the applicable blockchain; availability and access to virtual currency service providers (such as payment processors), exchanges, miners or other blockchain users and market participants; security vulnerability; inflation levels; fiscal policy; interest rates and political, natural and economic events.

Irreversible Nature of Blockchain Transactions. Transactions involving cryptocurrencies and \$SPACEM Tokens that have been verified, and thus recorded as a block on the blockchain, generally cannot be undone. Even if the transaction turns out to have been in error, or due to theft of a user's virtual assets, the transaction is not reversible. The Company may be unable to replace missing virtual assets or seek reimbursement for any erroneous transfer or theft of virtual assets. To the extent that the Company is unable to seek redress for such action, error or theft, such loss could adversely affect an acquisition of \$SPACEM Tokens.

Theft or Loss. Hackers or malicious actors may launch attacks to steal, compromise, or secure virtual assets, such as by attacking the applicable blockchain network source code, exchange servers, third-party platforms, cold and hot storage locations or software, or virtual assets transaction history, or by other means. As the Company increases in size, it may become a more appealing target of hackers, malware, cyber-attacks or other security threats. At this time, there is no governmental, regulatory, investigative, or prosecutorial authority or mechanism through which to bring an action or complaint regarding missing or stolen virtual assets. Consequently, the Company may be unable to replace missing virtual assets or seek reimbursement for any theft, adversely affecting an acquisition of \$SPACEM Tokens.

Do not contribute any money that you can't afford to lose in the Space Monkeez Project operated by **SpaceLabs Ltd.** Make sure you read and understand this document and TERMS AND CONDITIONS FOR PARTICIPATING in the Space Monkeez Project (including all warnings regarding possible token value, technical, regulatory and any other risks; as well as all disclaimers contained therein), as will be published on our website <https://spacemonkeez.io/> (as they may be amended from time to time). You should conduct your own due diligence before acquiring the \$SPACEM Tokens and consult a certified financial adviser if any terms of this documentation are not fully understood. In making a transaction decision, you must rely on your own examination of the Company and the \$SPACEM Tokens, including the merits and risks involved. You and your representative(s), if any, are invited to ask questions and obtain additional information from the Company concerning any relevant matters.

THANK YOU!
